

Crystal Pure

Cold Drinking Water Tap Single Outlet

Usage

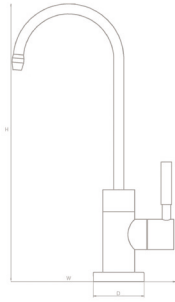

The Crystal Pure drinking water tap is an ideal solution for supplying filtered, chilled or sparkling water. The tap can be used with the Zen Font with Drain when connection to a standard sink is not available. The tap can be installed with an undersink chiller or more minimally with a drinking water filter.

p.30

Features and Benefits

- Stylish brushed stainless steel finish
- Suitable for filling sports bottles and carafes
- Instant high quality filtered drinking water. Filter and installation kit supplied (F1T) (see page 36).
- 360° swivel tap
- 1/4 turn adjustable lever
- Single outlet tap to provide any one of cold (ambient), chilled and sparkling options
- Connect your Crystal Pure tap directly to the mains cold water supply for a low cost filtered cold (ambient) only drinking water option
- Team your Crystal Pure tap with one of our Sapphire Undersink Chillers if you want to provide chilled or sparkling water (page 24 to 27)
