

Hand Dryer Data Sheet

This hand dryer data sheet is intended as a useful information source when purchasing a hand dryer and has been compiled by information provided by the respective hand dryer manufacturer. Where possible this information has been validated by Direct UK Deals Ltd although we cannot be held responsible for errors and omissions.

A full article describing how we arrive at all these statistics can be found in our advice centre at <http://electricaldealsdirect/advicecentre/>.

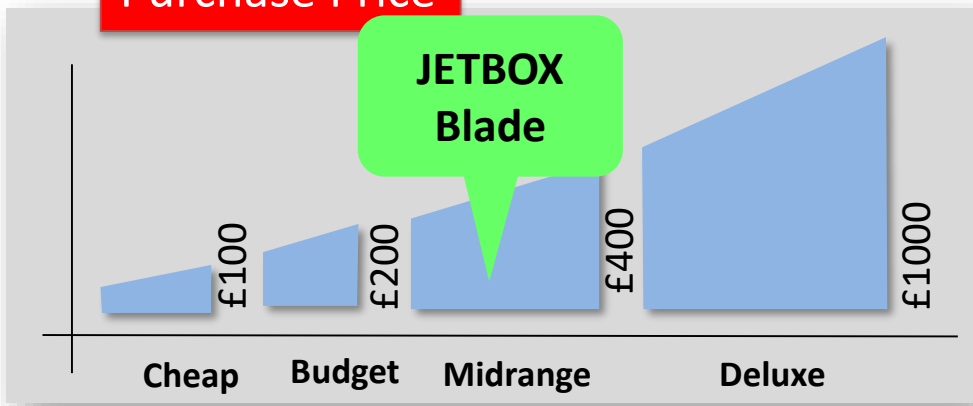

If you are in any doubt as to the suitability of a particular hand dryer for your environment, please do not hesitate to contact one of our hand dryer experts on 01934 253600 and we will be happy to discuss your requirements in detail.

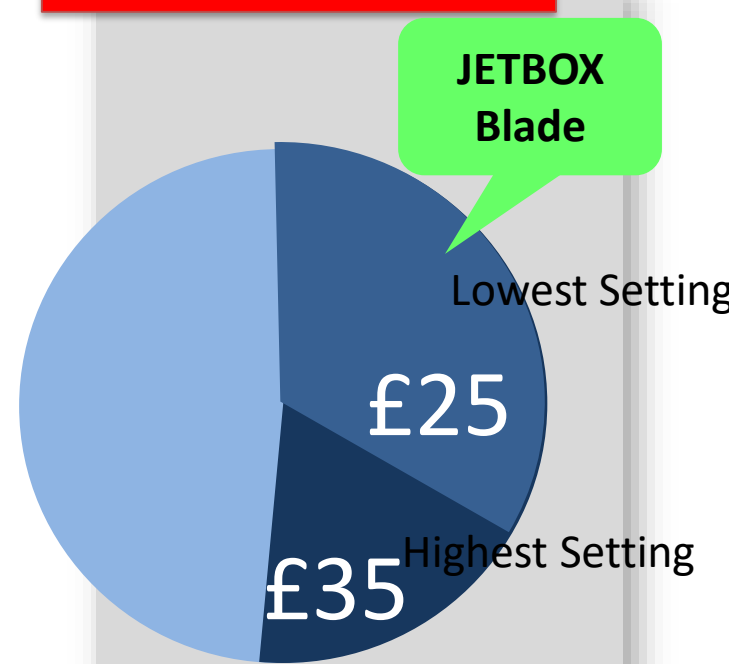

The JETBOX Blade

The JETBOX Blade is the first hands-in dryer from the JETBOX brand. The extremely strong performance (dry time, noise, power consumption) of the Blade means that it is likely to gain customers from more expensive brands. And the very good price means that it will convince budget purchasers to go just a little bit higher. In the mid-range market, this is the overall strongest dryer we have seen, and it should really clean up. Very highly recommended.
