

Hand Dryer Data Sheet

The Mitsubishi Jet Towel

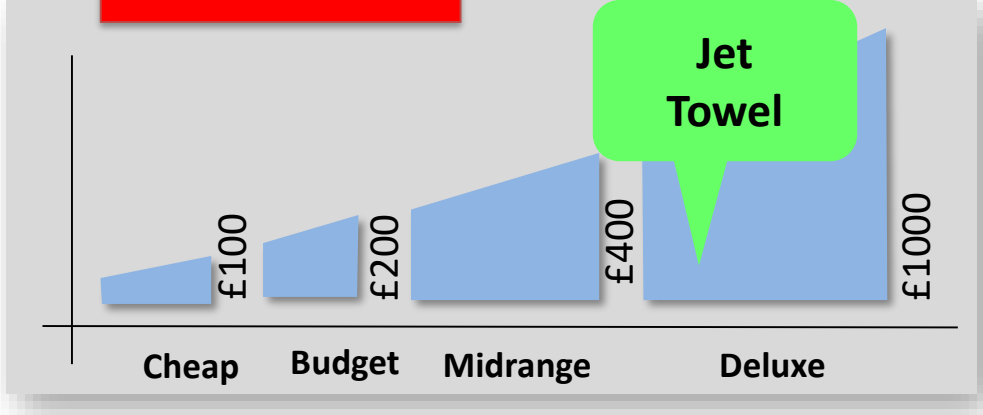

This hand dryer data sheet is intended as a useful information source when purchasing a hand dryer and has been compiled by information provided by the respective hand dryer manufacturer. Where possible this information has been validated by Direct UK Deals Ltd although we cannot be held responsible for errors and omissions.

A full article describing how we arrive at all these statistics can be found at <http://bit.ly/HDDataSheets>.

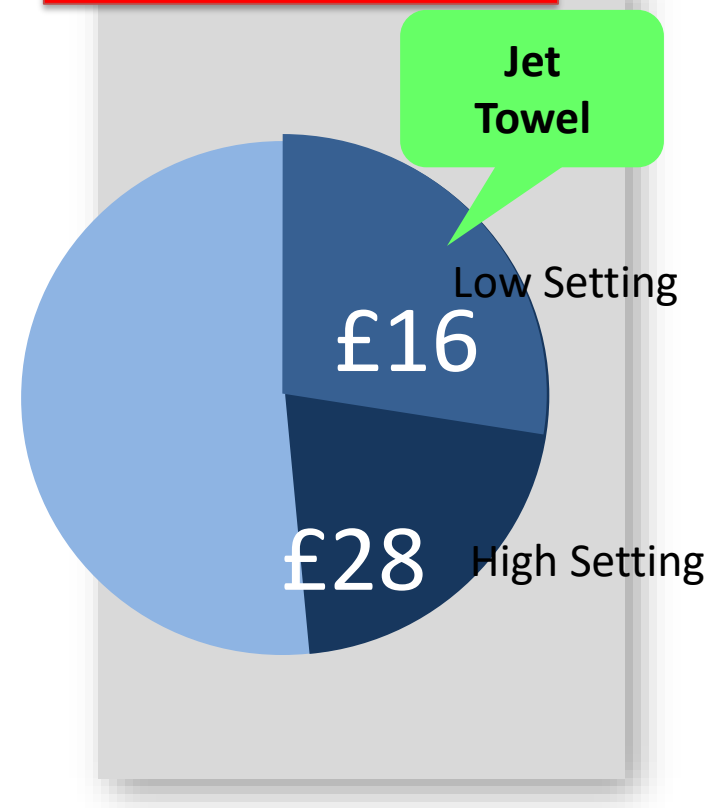

If you are in any doubt as to the suitability of a particular hand dryer for your environment, please do not hesitate to contact one of our hand dryer experts on 01934 253600 and we will be happy to discuss your requirements in detail.

As the first 'blade' type hand dryer ever released, and with a very significant market share in a number of countries around the world, the Jet-Towel is worth serious consideration by anyone looking for a 'hands-in' dryer. Fast, effective and very quiet, with adjustable heating element and motor speed, the Jet-Towel also has a drip tray for no-mess floors and the lowest power consumption of all its competitors. Most definitely on our 'Highly recommended' list.
