

Fryers – RF Series

---

## The RF-MS

Designed to fit under our RF modular range of fryers, the RF-MS supports our counter top models at independent floor standing units. Of sturdy stainless steel construction it features a simple storage space with magnetic closing door. The RF-MS comes fitted with strong legs, approx. 150mm, to raise the cabinet off the floor for ease of cleaning.

Suitable for use with models RFE12, RFE8D, RFG12, CW12

Features: Magnetic closed door, strong raised legs.
