Zip HydroTap All-in-One Classic Plus

FILTERED: BOILING CHILLED **UNFILTERED: HOT & COLD**

The world's most advanced drinking water system, the HydroTap Classic Plus All-in-One delivers a choice of instant filtered boiling and chilled water with unfiltered hot and cold water for washing up. From a single tap and under counter command centre, the Classic Plus All-in-One dispenses only the purest tasting water, filtered to a market-leading 0.2 micron - 25 times more effective than a standard water filter jug. To prioritise user safety at work, the HydroTap doesn't splash or spit when dispensing water, and features two boiling water safety modes and a cool to touch tap. What's more, the HydroTap features superior technology to conserve water while saving energy and time.

Features and benefits

Advanced filtration

Zip MicroPurity $^{\text{TM}}$ filters remove particles larger than 0.2 micron, such as dirt, lead and microplastics, as well as 97% of chlorine and 99.9% of microbiological cysts, providing pure-tasting drinking water.

Environmentally conscious operation

The HydroTap boasts a range of eco-friendly functionalities, including water conserving air cooling technology, the use of zero-impact refrigerant gas R290 and energy saving sleep modes.

Unique user-safety options

The Zip HydroTap is designed with safety in mind, with boiling isolation, cool touch tap and safety lock features. The boiling point is factory set to 98 degrees celsius, to avoid spluttering steam.

Enhanced hygiene

The 5th generation HydroTap command centre has SteriTouch® embedded throughout the water path. This reduces surface bacteria by 99.99% providing extra protection.

Product detail

Specification type

Product code	H56704Z00UK
Product name	HydroTap G5 Classic Plus All-in-One boiling chilled 160/175 plus hot & cold (mains) bright chrome for work

Capacity, weights & dimensions

Water functions	Boiling, Chilled
Boiling capacity	160 Cups per hour
Chilled capacity	175 Glasses per hour
Unit dimension (W x D x H)	500mm x 490-520mm x 373mm
Product weight - empty / full	28kg / 33kg

Plumbing

Wholesome water inlet supply required	Hot & Cold Feed 1.7bar - 5bar	
Supply pressure range		
Supply connection (hot & cold)	1 x isolated 1/2"BSP BSP fitting (flexible supply hoses included)	
Installation	Must comply with current water supply regulations	

The minimum water pressure will vary if a limescale filter is installed. Please contact us to discuss your requirements.

Electrical

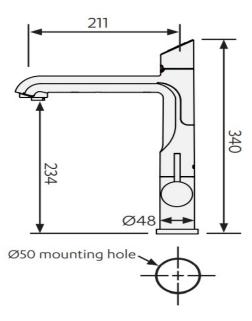

Command centre power rating	2.13 kW @ 230V AC	
Voltage supply	13 amps	
Power supply requirements	1 x 13amp socket outlet	
Cable length	1.8m fitted with UK standard 3-pin plug	
Installation	Must comply with current IEE regulations	

Tap design

Style	HydroTap All-in-One Classic Plus
Finish	Bright Chrome
Installation hole cut size	50mm
Rotation	180 degree
Disability options	No
Country of Origin	Australia

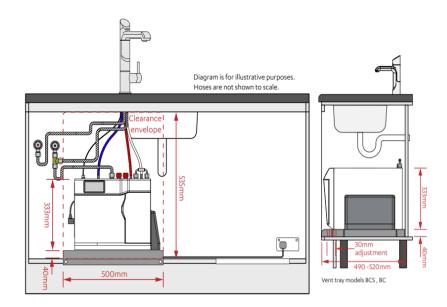

Command centre

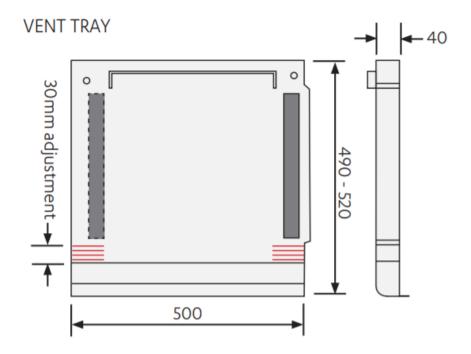

Factory temperature boiling	98℃
Factory temperature chilled	6-10°C
Filtration	0.2 Micron Filter Cartridge
Flow rate	4 l/min
Wholesome water supply requirements	Hot & Cold Feed
Refrigerant	R290
Tank material	Stainless Steel
Country of origin	Australia

Under-counter unit installation

Clearance space required for under counter unit
